Dear David Sherzer,

With regarding to the project you have commenced for us through Baran Group LTD , I wish to present the following information:

1. IMI have submitted to Baran to perform on its behalf a turnkey job overseas.
2. Baran has chosen UET to supply a subsection which related to treating and recycling waste water.
3. UET have studied the project by visiting IMI sites and converted it to recycling plant based on Baran's design and IMI information.
4. UET have utilized its unique technology and know-how in this project.
5. IMI handled the project to the customer after receiving lab results made by the customer.
6. The recycling results apply better to the standard requirements.
7. It is to mention at this letter that UET have performed in a professional manners including :
  - a. Preformed process and detailed design.
  - b. Preformed the equipment assembly on skids.
  - c. UET participated in the start up and running in steps and brought to a full integrated solution.
8. These professional performances are highly appreciated. Looking forward doing more projects together.

Best regards,

*Adi Malik*
